## I Introduction to Hubei University of Medicine

Hubei University of Medicine (HUM) is located in the center of Shiyan, the Motor City, in Hubei Province, People's Republic of China. The city boasts several tourist attractions, such as Wudang Mountain, a sacred place of Taoism; Danjiangkou Reservoir, the largest artificial freshwater lake in Asia; and Shengnongjia Forest.

HUM was founded in 1965. In 1996, it was among the first to pass the National Undergraduate Teaching Quality Assessment (TQA) accreditation organized by the State Education Commission. In 2006, it was evaluated as "Excellent" in the Undergraduate TQA conducted by the Ministry of Education. HUM's facilities cover 910,924.56 square meters, of which 398,600 square meters are for teaching and administration. Its fixed assets amount to RMB 1.385 billion. Its teaching and research equipments are valued at over RMB100 million. Its library has a collection of 955,500 volumes.

HUM has over 19,000 full-time students and over 1,000 faculty and staff. It offers 15 programs, including Clinical Medicine, Dental Surgery, Pharmacy, Anesthesiology, Medical Imaging, Medical Laboratory Sciences, Bioscience, Rehabilitation Therapy, Nursing, etc. The university hosts two nationally recognized majors, five provincially recognized majors, seventeen provincially recognized courses, and three provincial teaching model centers. The five affiliated hospitals are the highest Level Three hospitals in the country, with 6 million out-patients and 360,000 in-patients annually.

HUM has six provincially recognized disciplines, seventeen Chutian Scholars Programs, three authorized masters program, one national laboratory, ten provincially recognized laboratories, laboratories of researching regenerative medicine, reproduction medicine and organ transplantation, as well as four model centers for collaboration between industry, universities and researches.

HUM has cultivated international relationships by exchange and collaboration with universities in America, England, Australia, Japan, Korea and other nations, promoting the development of disciplines and internationalization.
